About Me

I am eager to start my career and contribute to a forward-thinking organization. With skills in graphic design and web design, I bring creativity and technical expertise to deliver visually appealing and user-friendly designs. I am motivated to learn, grow, and make a positive impact.

Experience

Python Odoo - Shadow ERP Technology | Intern
create Web application using ReactJS
January 2024 - March 2024

Graphic Designer - Dreams Design

Created banners, posters, logos, and social media posts, Wedding Card, Invitation Card using tools like Photoshop, Photopea, and Canva. Design visually appealing and professional layouts for various projects. Skilled in combining creativity with technical tools to bring ideas to life. Capable of delivering designs that meet branding and project requirements.

Project

Odoo E-Learning Management System

A platform for creating, managing, and delivering online courses. It allows users to upload content, track learner progress, and provide certifications, making e-learning efficient and accessible.

Use: Python, Html, CSS, JavaScript, Bootstrap, AJAX
January 2023 - March 2024
